Degenerative Myelopathy in Chesapeake Bay Retrievers

Owner Consent form for Collection and Storage of DNA

Date:

I hereby consent for blood to be taken and stored from the animal listed above, and for this blood to be used for extraction of DNA. I understand that this DNA will be used for research purposes only, and I give consent for this genetic material to be stored and made available to researchers in the field of animal disease and genetics. I also understand that it is not possible for specific information regarding genetic tests performed on my animal’s DNA to be reported back to me.

Signed............................................................

All Information given will be kept strictly confidential, to be used for research purposes only.
